

About EARMOR

EARMOR is a specialist in hearing protection and communication systems, manufacturing earmuffs, earplugs, and communication headsets. Under the guiding principle of “Clear Listening, Excellent Protection,” the brand is well respected among tactical and sports shooters, law enforcement personnel, and major security shows such as SHOT Show (Las Vegas), ENFORCE TAC, IWA NURNBERG, and MILIPOL Paris.

Since its founding, EARMOR has been at the forefront of acoustics research and aims to be a leading brand in hearing protection. Its noise-cancelling headsets have been exported to over 50 countries and regions, delivering professional solutions to millions of users globally.
